

SYSTEM UPDATE – “CENTRES” list in eREB

(January 2022): HiREB has updated the list of ‘centres’ available in the drop-down menu in eREB. When creating a new project, the user is required to enter the project title, select the form type, and identify the centre from the drop-down menu. All three fields are mandatory.

The centre drop-down menu now contains a number of different options, including both single-institution options (like Hamilton Health Sciences) and options that combine different institutions (like “Hamilton Health Sciences & St. Joseph’s Healthcare Hamilton”), that represent all possible combination of HiREB sites.

Which Centre Do I Select?

More information on selecting a centre is available in the Centres Quick Sheet, available on our website at <https://hireb.ca/ereb/> (under “eREB User Manuals, Outlines and Quick Sheets”)

What Changed?

The following changes were made following consultation with each institution (changes in red text):

Previous Name	Current Name
